### FOCUS

Exploring current trends in health, wellness, and medical breakthroughs backed by scientific research and expert testimony; women's health; topical service journalism; celebrity health; and the environment

### CURRENT POSITION

In January 2020, I joined [HealthCentral](https://www.healthcentral.com), a NYC-based consumer health site owned by Remedy Health Media, to help launch its new, award-winning editorial—and cover the COVID-19 pandemic from the start. **Regular beats:** COVID-19/vaccines, monkeypox, health disparities, women's health, heart health, autoimmune disorders, Alzheimer's disease, fitness goals, and alternative therapies such as CBD. I pitch, assign, edit, and package features, slideshows, video content, and Shorthand stories across 90 condition categories, partnering with SEO, production, social, video, and design teams, plus top freelance writers.

### PROFESSIONAL HISTORY

From 2008–2019 I worked as a full-time freelance writer/editor based in NYC, Los Angeles, and Washington, D.C., during which time I served as a regular contributing writer for **WebMD Magazine** as I simultaneously wrote for many other print and web publications, as well as custom content agencies.

Prior to 2008, I served as co-founding editor of **WebMD Magazine** (which I developed, pitched, launched, and edited for its first three years of existence); editor in chief of the travel and culture guide **Washington Flyer**; editor at large for luxury publication **Canary** (Condé Nast UK); corporate copy director at **Condé Nast Media Group** (NYC); and senior writer/merchandising at **New York Magazine**.

### FREELANCE CLIENTS

## ENVIRONMENTAL HEALTH REPORTING

I spent much of 2017 interviewing the world's leading scientists and activists on single-use plastic pollution and ocean health for a feature in *Coastal Living* called "[Ocean Heroes](#)." The feature was one of the first in the mainstream media to sound the alarm on microplastics and endangered marine life.

## LOCAL LEADERSHIP

After my *Coastal Living* feature came out, I launched an anti-plastics youth organization called PEP (Pelham Eliminates Plastics). In just four years this group has successfully led Westchester businesses to refrain from using plastic bags (a year before the New York State ban went into effect) and inspired the Pelham Unified School District to introduce eco-friendly utensils and stop selling plastic water bottles. Several of my young charges have gone on to pursue environmental science degrees at top universities.

## RECENT AWARDS

Three editorial initiatives that I developed and shepherded this year have been singled out as [FOLIO: 2022 Eddie and Ozzie Awards finalists](#) (winners announced September 13, 2022):

- Best Long-Form Feature/Consumer Health for "[The Obesity-Chronic Connection: A Special Report](#)," a Shorthand story that builds as it unfolds
- Best Series of Articles/Consumer Health and Fitness for "[Your Total Guide to Chronic + Sex](#)," which I launched with my survey story, "[10 Revealing Truths About Chronic Sex](#)"
- Best Single Article/Consumer Health for "[Can Grief Really Be a Chronic Condition?](#)"

In 2021, my editing work earned the following distinctions:

- The FOLIO: 2021 Eddie and Ozzie Awards named my story "[What if COVID Is Chronic?](#)" as Best Single Article in the Consumer Health category.
- The 2021 Digital Health Awards awarded the same story a Merit distinction.
- The 2021 Digital Health Awards awarded my video interviewing work for "[Young & Chronic: Crohn's Disease](#)" a Silver for Video Series.
- The 2021 Digiday Media Awards named "[Let's Talk About the Novel Coronavirus](#)," a comprehensive condition hub that I've managed, edited, and regularly updated since mid-2020, as a finalist for Best Story.

## ADDITIONAL SKILLS

I'm an exacting top, line, and copy editor; skilled interviewer; and thorough reporter with experience working in content management systems (CMS) and copy-design platforms such as **Contentful**, **Canva**, **Shorthand**, **Monday.com**, and **Jira**, plus the video platform **JW Player**. I'm also skilled in using **InDesign**, **WordPress**, **Squarespace**, and **Weebly**. In my current position I was tasked with creating the site's **editorial style guide** from scratch, an assignment that brought this nerdy wordsmith unmitigated joy.

## EDUCATION

Bachelor of Arts in English Literature, Emphasis on Creative Writing; University of Wisconsin, Madison
